

Fruit'Purée Apricot frozen

This apricot purée is made exclusively with apricots grown in the Rhone-Alps region of France. We use the Bergeron variety of apricot for its firm, juicy flesh and with its high provitamin A (carotene) content the apricot is known for its beneficial effects on the skin, growth and night vision. The purée is sweetened with 10% by weight of granulated sugar and then pasteurized to avoid discoloration. The fruit undergoes low temperature processing to preserve all the organoleptic and nutritional qualities of the fruit.

Available in:

- * 1 kg tubs (2 units per carton),
- * 5 kg pails (3 unit per carton),
- * 20 kg pails, with no additional sugar than that naturally present in the fruit,
- * 1 kg aseptic pouches (5 units per carton), the product is pasteurized and sweetened with 10% by weight of granulated sugar.

Final product Raw material

Packaging

Tub (1 Kg, 500 g ou 400 g)

- * Low, compact rectangular form making it easy to hold and easy to store.
- * Peel-off film for perfect hygiene and product conservation.
- * Polypropylene pot adapted for deep freezing of food:
 - microwave safe - resistant to shocks;
 - translucent so the product is visible;
 - reusable by the client.
- * Moulded lid in the same material as the pot:
 - highly resistant and resealable for the best possible conservation of the product;
 - designed to be stable when stacked.
- * IML labeling: molded into the pot for greater readability.
- * Two lids colors: green for our 'Classic' products and blue for our 'Elite' products.

Pail (5 Kg ou 20 Kg)

- * A handle for easy to hold.

* Polypropylene pail adapted for deep freezing of food:

- resistant to shocks;
- reusable by the client.

* Moulded lid in the same material as the pot:

- highly resistant and resealable for the best possible conservation of the product;
- designed to be stable when stacked.
