Granitas

Granitas 25% fruit

Water1 000 g
Coarse sugar 600 g

Granitas 35% fruit

Water1 000 g
Coarse sugar1 000 g

Method: (prepare a syrup) bring the water and granulated sugar to the boil, reserve. Use cold. We recommend 72 hours of shelf life for granitas made with our fruit puree following these recommendations:

- Each piece of granita machine must be cleaned and disinfected with alcohol,
 - The granita machine must be run during 20 minutes with a bactericide solution (without cooling),
 - Granita preparations must be kept in the machine tray during night, in positive cold position.
- Only exception: granita with Fruit Purée Melon must be used within 24 hours.

Mix the ingredients listed below and place in the granita machine.
